

FREE HOME ENERGY IMPROVEMENTS

Celebrate National Co-op Month by entering Nolin's Home Energy Makeover

NOLIN RECC's HOME ENERGY MAKEOVER

We introduced a new program last year in October to show appreciation to our members while acknowledging National Co-op Month. The program is Nolin RECC's Home Energy Makeover. Two members benefited from the contest when their names were selected in a random drawing. Both received up to \$1,200 worth of FREE home energy efficiency.

Nolin members Sharon Pinkham and Sergeant First Class Pablo Michel will tell you the time they spent entering the contest was well worth the reward. Ms. Pinkham received much needed insulation in her attic and a new water heater while SFC Michel opted for a GE 25 Cu. Ft. Energy STAR refrigerator. Both were delighted and extremely appreciative after learning their names had been randomly selected. "I must say I have never seen anything like this," says SFC Michel. "Our service from Nolin has always been good and I just want to say 'Thank you' to Nolin."

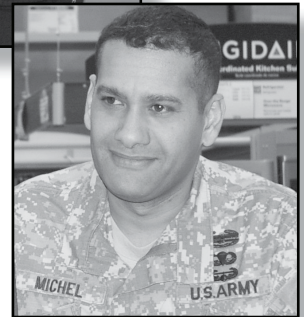

This year, Nolin is increasing the energy efficiency award to **\$2,000** per winner (two winners will receive up to \$2,000 each). If your name is randomly selected, it will be your choice: \$2,000 worth of FREE home energy improvements or Energy STAR home appliances costing up to \$2,000.

Giving FREE home energy efficiency upgrades and appliances to Nolin members is an excellent way to celebrate Co-op Month! The dollars you save on your energy bill will continue month after month!

Remember, the Home Energy Makeover award has been increased to \$2,000. It's easy to enter – simply fill out the application on the back of this page and send it with your electric bill payment. Deadline for entry is November 30, 2011.

You may also go online to www.nolinrecc.com/makeover to enter. Remember, one entry per member/membership. This contest is open only to members of Nolin RECC.

OVER

Mickey Miller
President & CEO

Here are the contest rules:

- Only one entry per member/membership
- Prizes are non-transferrable and money will be paid directly to vendors/installers
- To qualify for home energy efficiency upgrades, home must be at least two years old and cannot be leased or under contract to sell
- Only single-family dwellings are eligible
- Prizes are limited to contest offer only and will include only Energy STAR rated home appliances or home energy upgrades as deemed necessary by Nolin RECC
- Two winners will be drawn from all entries. Each winner can choose one prize (Energy STAR rated home appliances or home energy upgrades).
- Nolin RECC does not guarantee a specified amount of energy savings on completed or suggested upgrades
- If upgrades are less than \$2,000, Nolin RECC will not pay any differences to member
- Winner agrees to be photographed and interviewed by Nolin RECC for advertising purposes
- Winners must redeem prizes within six months of notification
- Nolin RECC employees and directors and their immediate families are not eligible to enter contest
- Previous winners are not eligible to enter
